*We can't say how kids with cancer will grow up... We just want to make sure they do!*

## What happens when your child gets cancer?

### DISBELIEF -

*This can't be happening to my child*  
How can this be – It's not fair that my child is sick – we're good people – we don't deserve this. Your family life has just become a shambles as you try to go through the motions of everyday life. You know what the test results said, but they have to be wrong. What did the doctor, nurse say? What are they going to do to my child? What do you mean "Chemo" – that just can't be right.....  
*Why is this happening to my child?*

### PANIC - What do we do now?

There are steps to take but there are no arrows pointing the way. Your family has questions, your child has questions and the answers are out of reach. You just feel numb. There is no control in what is happening to your child. How are we going to cope with all this by ourselves? What about my job? What about the expenses? What about the rest of the family? And then there is .....  
*What do we do now?*

### CONFUSION - Who can I talk to?

There just has to be someone with answers, someone who can explain what is happening. We can't spend our days running in circles with no end in sight. We need help to sort these things out for us – help to make sense of the disaster that has befallen our precious child.  
..... *Who can I talk to?*

### TREATMENT - Where do we go?

Where do we take our child for help? Is there a place just for kids with cancer in RI? What about the treatment schedule, doctors and nurses to meet with, medicines to give? Who are the doctors that I'm entrusting my child's life to? Will the nurses be there when I can't be because of my job or extended family needs?  
..... *Where do we go?*

**SUDDENLY IT HITS..... We are never ever ready when bad things happen, especially to our children.**

*The Tomorrow Fund is there to provide the monetary and emotional support that is needed when cancer happens to your child.*

2012 Rhody 5K Belhumeur Volunteer Group, "Ever Ready"

# What does The Tomorrow Fund do when your Child gets cancer?

### PARKING PASS

*"During Jenna's outpatient treatment some weeks, we were at the hospital 5 days a week and would be there ALL day. If we had to pay for parking, we wouldn't have been able to afford it. The parking pass saved us quite a bit each week"*

— Heather Jacques

Jenna

### IN HOUSE STIPENDS

*"Maya was just recently hospitalized for 9 days over Thanksgiving for a serious infection. It has been a while since we were inpatient and it was such a very stressful and difficult time for us. So this is very close to my heart and in the forefront of my mind."*

Maya

*"When our children are inpatient, whether it is for chemotherapy treatment or an illness, it immediately becomes an overwhelming time of stress! Knowing your life at home is put on hold and siblings are juggled among family members. Traveling back and forth from the hospital and grabbing meals on the go can become an added financial burden during an already very difficult time. Having the daily stipend from The Tomorrow Fund helps to alleviate some of the financial stress on my family while we are inpatient."*

— Sherri Spadano

### TRAVEL STIPEND

*Assist with payment for utilities, mortgages, rents, insurance, co-pays for medicine, etc.*

*"Thank you very much for your generous assistance with Samantha's treatment in Boston. Your help provided us with one less thing to worry about! Samantha responded well to treatment. We hope it will be a complete success!"*

*Thank you again,  
 The Mosseys*

Samantha

## CAMP DOTTY

Camp Dotty, a day camp for 4-7 year old children with cancer and their siblings, was created to provide a camp experience for young children while recognizing their individual needs as they deal with cancer. The camp helps to create a transition for those children not old enough to attend an overnight camp while simply and importantly giving parents a much needed break. Last year, for the 13th consecutive year, more than 30 children with cancer and their siblings, had a respite from their usual hospital routine. They enjoyed a full week of crafts, games, field trips and summertime fun at Camp.

## COPING AND SUPPORT GROUPS FOR PARENT, TEENS, SIBLINGS AND BEREAVEMENT FAMILIES

Childhood cancer causes serious emotional stress and anxiety for patients, parents, siblings and extended family members. Emotional support is critical to help the sick child and the family as they face these tremendous strains. The Tomorrow Fund provides funding for:

- A Child Life Specialist in The Tomorrow Fund Clinic who plans, organizes and directs age-appropriate therapeutic play to alleviate anxiety and stress associated with illness and hospitalization.
- Additional psychotherapy, as needed, through the Rhode Island Hospital Department of Psychiatry.
- The pediatric oncology social workers help The Tomorrow Fund to process requests for financial and emotional assistance.
- A parent consultant consoles the caretaker who has a child with cancer and complements the social workers' expertise by sharing first-hand the experiences of what it is like to live with and care for a child with cancer.

### 2012 Fantasy Ball

The Tomorrow Fund's "Breakfast at Tiffany's" was celebrated at our Annual Fantasy Ball, our largest and most critical fundraising event of the year. Friends, families and supporters all came together for a night of dining, dancing, celebration and fundraising.

Honorary Chairs Richard & Sabrina Campanella, Co-Chairs Robert and Janet Capone and Dr. William Cioffi and Dr. Theresa Graves hosted this very successful event. We appreciate the generosity of corporate partners and individual donors who provided sponsorships and items for the auction. The silent auction was coordinated by Auction Chairs Heather Zinni and D'Ann Soullier. We would like to thank the 45 sponsors and all the volunteers whose support was invaluable to the success of our celebration.

Kudos to all – this was our most successful Ball to date!
