

### Our Mission

The Tomorrow Fund provides financial and emotional support to children with cancer, and their families, who are treated at Hasbro Children's Hospital. We work to increase public awareness of childhood cancer and we promote research to improve the care and well-being of children with cancer.

Mouhamadou was very thankful for all that Hasbro and The Tomorrow Fund had done for him and his family,  
*noted Fred Barbosa*

Mouhamadou Sylla

*We can't say how kids with cancer will grow up... We just want to make sure they do!*

### 2013 Fantasy Ball

The Tomorrow Fund's "Bali Hai" was celebrated at our Annual Fantasy Ball, our largest and most critical fundraising event of the year. Friends, families and supporters all came together for a night of dining, dancing, celebration and fundraising.

Hosted by Honorary Chairs Robert & Janet Capone, Co-Chairs Richard & Sabrina Campanella and Drs William Cioffi & Theresa Graves, the event was a great success due to the generosity of corporate and individual partners donating sponsorships and auction merchandise. The silent auction was coordinated by Auction Chairs Heather Zinni and D'Ann Soullier.

We would like to thank the 43 sponsors, enthusiastic Fantasy Ball Committee and all the volunteers whose support was invaluable to the success of our celebration.

### BIGGER THAN LIFE, MOUHAMADOU SYLLA

They say every dark cloud has a silver lining. That may be true. Mouhamadou Sylla, who recently passed away after an eight and a half year battle with metastatic osteosarcoma (bone cancer), lived his life as a testament to this old adage.

When Mouhamadou arrived at Hasbro in 2006 at the young age of 16, from Senegal, Africa, he was in immense pain. He only spoke French and was thrust into a world he wasn't familiar with and into the care of doctors and nurses. He spoke of being brought into an operating room and waking up with part of his leg missing (*from the knee down*). Eventually, the cancer spread and his leg was further amputated at the hip.

Despite four bouts of cancer and several surgeries and treatments, Mouhamadou refused to allow anything to weigh him down or get in his way of doing "simple"

things, like going to school and studying. He succeeded in learning English and graduating high school.

Mouhamadou had a strong sense of faith, family and community. According to Fred Barbosa, Clinical Social Work Manager at Hasbro, Mouhamadou would say, "Cancer is not all bad." Fred also went on to say, "It provided opportunities in developing relationships with those around him, his community and all who provided him with care, love, and understanding. He was very thankful for all that Hasbro and The Tomorrow Fund had done for him and his family."

Despite his declining health, Mouhamadou gave back to his community by volunteering in the YMCA program and was a volunteer mentor to kids in the after school basketball program.

Even though he knew his time on earth was precious and limited, Mouhamadou used that as his motivation to keep moving forward and to have faith and hope.

## What does The Tomorrow Fund do when your child gets cancer?

Assist with payment for utilities, mortgages, rents, insurance, co-pays for medicine, etc.

### Parking Pass

Hospital parking passes are provided for each family to use throughout the entire length of treatment.

### In-House Stipends

\$15 per day is provided to families whenever their child is hospitalized overnight at Hasbro Children's Hospital. Because parents typically stay with their children in the hospital, Stipends are used for meals at the hospital cafeteria, babysitting and transportation. Expenses mount quickly and can easily overwhelm a family, especially those who are already struggling to get by.

### Travel Stipend

\$40 per day is provided to families whose children must travel outside of Rhode Island for life saving bone marrow transplants, stem cell transplants and associated protocols. Out of state hospitalization can last a minimum of 30 days, to a typical 100 days, to even more time if there are complications.

# What Happens When Your Child Gets Cancer?

### DISBELIEF – *This can't be happening to my child.*

How can this be – it's not fair that my child is sick – we're good people – we don't deserve this. Your family life has just become a shambles as you try to go through the motions of everyday life. You know what the test results said, but they have to be wrong. What did the doctor, nurse say? What are they going to do to my child? What do you mean "Chemo" – that just can't be right . . . *Why is this happening to my child?*

### PANIC - *What do we do now?*

There are steps to take, but there are no arrows pointing the way. Your family has questions, your child has questions and the answers are out of reach. You just feel numb. There is no control in what is happening to your child. How are we going to cope with all this by ourselves? What about my job? What about the expenses? What about the rest of the family? And then there is . . . *What do we do now?*

### CONFUSION – *Who can I talk to?*

There just has to be someone with answers, someone who can explain what is happening. We can't spend our days running in circles with no end in sight. We need help to sort these things out for us – help to make sense of the disaster that has befallen our precious child . . . *Who can I talk to?*

### TREATMENT – *Where do we go?*

Where do we take our child for help? Is there a place just for kids with cancer in RI? What about the treatment schedule, doctors and nurses to meet with, medicines to give? Who are the doctors that I'm entrusting my child's life to? Will the nurses be there when I can't be because of my job or extended family needs? . . . *Where do we go?*

### SUDDENLY IT HITS . . . *We are never ever ready when bad things happen, especially to our children.*

*The Tomorrow Fund is there to provide the monetary and emotional support that is needed when cancer happens to your child.*

# Here's What WE Do...

### CAMP DOTTY

Camp Dotty, a day camp for 4-7 year old children with cancer and their siblings, was created to provide a camp experience for young children while recognizing their individual needs as they deal with cancer. The camp helps to create a transition for those children not old enough to attend an overnight camp while simply and importantly giving parents a much needed break. Last year, for the 13th consecutive year, more than 30 children with cancer and their siblings, had a respite from their usual hospital routine. They enjoyed a full week of crafts, games, field trips and summertime fun at camp.
